THE BUILDING

Located in the heart of Calaveras County Copperopolis offers the chance to join the energetic Town Center and the vibrant surrounding businesses. The retail spaces for lease range from +/-690 SF - +/-6,657 SF. and are offered at \$2.50 - \$2.75 PSF NNN. The second-floor retail spaces for lease adjacent to a Build-to-Suit-Drive-Thru opportunity. This 2026 development is located just two-hours from the Bay Area and an hour and a half from Sacramento, this community offers world class golf, dining. Situated in the heart of thousands of acres of rolling hills and miles of lakefront shoreline in this luxurious life style-oriented community.

THE AREA

Copperopolis is a distinctive Sierra Foothill community where Gold Rush heritage meets a modern, leisure-oriented lifestyle. Located in Calaveras County, the town was originally established in the 1860s as a copper mining hub and still retains elements of that Old West character—most notably along its restored Main Street, where historic facades now house boutiques, wine tasting rooms, and casual dining spots. The surrounding landscape of rolling hills, oak trees, and open skies gives Copperopolis a relaxed, scenic atmosphere that feels removed from the pace of larger urban centers, while still being within driving distance of Sacramento and Stockton.

At the heart of Copperopolis's modern identity is its evolution into a lifestyle destination centered around outdoor recreation and community living. The retail golf lifestyle center—often referred to as Copper Valley—anchors this transformation. This master-planned community blends residential neighborhoods with resort-style amenities, creating an environment designed for both full-time residents and second-home owners seeking a retreat.

The golf component is a major draw, featuring a championship course that winds through the foothills, offering panoramic views and a challenging yet accessible playing experience. Surrounding the course are upscale homes, villas, and custom estates that emphasize indoor-outdoor living, often with terraces, large windows, and natural materials that reflect the landscape.

Complementing the golf experience is a thoughtfully designed retail and social village. This lifestyle center typically includes casual and fine dining options, boutique retail, wellness services, and gathering spaces that encourage a strong sense of community. Rather than a traditional shopping center, it functions as a social hub—hosting events, live music, farmers markets, and seasonal celebrations that bring residents and visitors together.

The broader area enhances this lifestyle appeal. Nearby Lake Tulloch provides opportunities for boating, fishing, and waterfront relaxation, while the surrounding foothills offer hiking, cycling, and wine tasting experiences. This combination of recreation, heritage, and curated amenities positions Copperopolis as a hybrid between a historic town and a modern resort enclave.

Overall, Copperopolis and its retail golf lifestyle community offer a slower-paced, experience-driven way of living—one that prioritizes scenery, recreation, and social connection over density and congestion. It appeals to those looking for a blend of rustic charm and refined amenities, whether as a primary residence or a weekend escape.
